

Here's Your Selling Partner!

You and this Blackhawk Wrench Display Board should be working together right now, selling wrenches in volume.

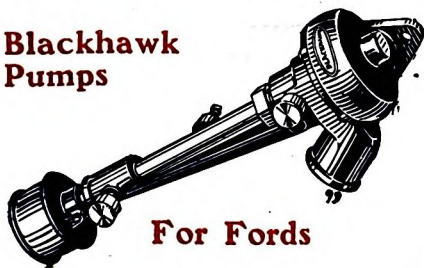

This board shows a complete set of one-piece socket wrenches for Fords—standard and special styles to handle all Ford work.

In a prominent place, this board is an active salesman, selling not only single wrenches, but often complete sets—big-profit sales. It's steel, finished in bright yellow.

Your jobber can supply you, or write to

BLACKHAWK MFG. COMPANY
Dept. C Milwaukee, Wis.
